

Rose Cottage – Hesket Newmarket, Cumbria

Access Guide

Introduction

We offer a holiday cottage situated on the edge of the Northern Fells, in the English Lake District National Park. We aim to set out our current facilities and services on offer to enable all visitors to make an informed decision as to whether we meet your access needs.

Pre-Arrival

We have phone, fax and email availability for pre-arrival information.

We have detailed information on our website www.rosecottageinthelakes.co.uk including detailed map of location and directions to the cottage.

Printed, e-mailable and website versions of information about Rose Cottage are available on request (including in large format).

Information regarding public transport is available on request.

Distance to nearest town (and train station) – Wigton – is approximately 9 miles (½ hour drive).

We can provide names and telephone numbers of local taxi firms on request

We offer a complimentary welcome pack upon arrival and can advise on the delivery of provisions for guests upon request.

Due to the nature of the cottage (grade II listed building), guests may need to make an informed decision regarding accessibility.

For example, guests with visual impairment are greatly welcomed but may consider the accommodation only suitable if accompanied (simply with regard to guest safety) and the building may not be suitable for wheelchair users (due to steps and width of doorways) but please see below for sizes / details when deciding.

Please note – two doorways are restricted height. The front entrance is only 155 cm high and the doorway between the living room and the kitchen is only 180 cm high.

Dogs are welcome at the cottage.

Arrival & Car Parking Facilities

The car parking area is immediately in front of the cottage on grassy level ground and to the side through the garden double gate (on the driveway).

Entrance

There is a small pathway to the front door and a step directly into a small hallway / porch.

Width of front entrance door = 77 cm [N.B height = 155cm only]

There is an alternative (rear) entrance, to the side of the cottage, which does not have steps and therefore may be more accessible than using the front – grassy – entrance (although this would be the initial entry point on arrival).

Width of rear entrance door = 81 cm

Outside Utility Room

There is a small step into the outside utility room.

Width of Outside Utility Door = 63 cm

Public Areas - General (Internal)

There is a step from the living room up to the kitchen.

Width of porch / living room door = 71 cm

Width of living room / dining room door = 71 cm

Width of living room / kitchen door = 75 cm

[N.B. height = 180cm only]

Width of kitchen / sun room door = 84 cm

Flooring throughout is predominately carpet; although the bathroom, kitchen and sunroom are tiled (ceramic).

Kitchen taps are lever taps.

Lighting is variable.

Number of stairs to bedrooms is 11 and width of staircase = 75cm

Staircase has a full length continuous handrail.

Bedrooms

Width of bedroom 1 door = 70 cm

Width of bedroom 2 door = 80 cm

Bathrooms

The bathroom is located on the ground floor with a separate adjacent WC Bathroom taps are lever taps.

Width of bathroom door = 59 cm

Width of WC door = 71 cm
